Subject: Green Chemistry TiO2 memo comments/summary for review
Attachments: Green Chemistry TiO2 White Paper Action Summary-20190207.docx; TiO2 memo Comments 2019_02_06.pdf

Hi all,

In follow up to our last call here are the comments on the TiO2 memo and the draft Task Force recommendation for approving the memo and next steps. Please provide any feedback on the summary, recommendation or the comments by next Wednesday, February 13. Lauren will revise the memo to address the comments along with providing responses and it will be ready to share at the Task Force meeting on February 27.

Thanks,

Lara Floyd
